

WP100H

shop press 100 tons

- hand winch for height positioning of the work surface (practical, comfortable, safe)
- pressure gauge for displaying the pressing force
- cylinder stroke/force can be adjusted via hand pump or pneumatic pump
- hand pump with fast and slow stroke. Fast stroke for positioning, slow stroke for applying force
- pneumatic pump operated via foot pedal
- double-acting hydraulic cylinder with switch valve (lower, neutral, raise)
- cylinder can be moved horizontally via crank (range: 254 mm)

Included in delivery: 2 x pressure plate/support plate (V-shape, flat), air pressure quick-connect coupling (EU, US)
